

# LT-20U1-06AHDCMB

## POWER DISTRIBUTION UNIT

The Lamatel LT-20U1-06AHDCMB is a compact, rack-mount Power Distribution Unit (PDU) engineered to deliver organized and secure power management for essential electronic systems. Designed for reliable performance in IT, telecom, and industrial environments, this PDU offers efficient power distribution in a 1U form factor, ideal for space-constrained installations.

### Key Features

- 6 power outlets for streamlined distribution
- 1U rack-mountable design for space-saving installation
- Built-in circuit protection against overloads and faults
- Sturdy metal enclosure for enhanced durability
- Suitable for continuous operation in IT and industrial settings
- Easy integration into standard 19-inch racks

### Key Highlights

- 6 power outlets for streamlined distribution
- 1U rack-mountable design for space-saving installation
- Built-in circuit protection against overloads and faults
- Sturdy metal enclosure for enhanced durability
- Suitable for continuous operation in IT and industrial settings
- Easy integration into standard 19-inch racks

### Applications

- Distributed Antenna Systems (DAS)
- Base station signal distribution
- In-building wireless coverage
- Public safety communication networks
- Wireless test environments
- Multi-operator shared networks (MORAN)

### Specifications :

Item	Description
Product Name	Power distribution Unit
Socket Type	GB2099.3
Wall socket	EU
Socket No.	6 way
Socket Design	6 x Universal input plugs
Power input	Left end single input
Bracket Install	Frontal installation
Cable with plug	DIN49441 16A plug
Control Function	16A lighted master switch
Protection Function	No protection function
Case	Black
Cable Specification	3 x 1.5 mm x 1.8 mm
Product size	L x W x H: 59.84 x 44.4 x 6.2 mm
Mounting length	455.8 mm
Case length	427.8 mm
PDU Exponent	1.105
Fittings	No
Rating Voltage	240VAC 50/60Hz
Rating Current	16A
Max. Power	3840W
Safety Authentication	CE
RoHS	Compliant
