

LT-A702KLWBG PRO

PRO DC 4K Single Len

The Lamatel LT-A702KLWBG PRO is a premium single-lens dash camera engineered for drivers who demand ultra-high-definition 4K recording and professional reliability. Powered by the advanced Novatek NT96670 chipset, it delivers exceptional image clarity, capturing fine details such as license plates, street signs, and road conditions in both day and night environments. Its high-performance optics ensure vibrant colors and sharp contrast, making it a perfect solution for users who need evidence-grade video in critical situations. Designed for both personal and commercial use, the LT-A702KLWBG PRO combines cutting-edge performance with user-friendly operation. Built-in Wi-Fi allows drivers to access live previews, adjust settings, and download recordings instantly to their smartphones. Loop recording and a built-in G-sensor safeguard crucial footage during sudden impacts or accidents, while its sleek, compact form factor ensures unobtrusive installation on any windshield. With unmatched 4K resolution and dependable processing, this dashcam is ideal for anyone who prioritizes maximum visual detail and reliability.

Key Features

- Front True 4K Ultra-HD Recording (3840×2160 @30fps)
- High-performance Novatek NT96670 SoC for stable, clear imaging
- Built-in Wi-Fi for live view, playback, and quick video downloads
- Compact and elegant design for discreet windshield installation
- Loop recording & G-sensor to automatically lock important files
- Supports microSD cards up to 256GB

Applications

- Daily drivers needing clear front and rear video evidence
- Taxi and ride-hailing fleets seeking reliable dual-channel protection
- Delivery and service vehicles requiring front and rear incident documentation

- LT-A095DLWBG: 2K + 1080P dual-lens dash camera (front 2K + rear AHD 1080P)
- LT-A215DLWBG-C: 4K + 1080P dual-lens (front ultra-HD 4K + rear 1080P)
- LT-A702KLWBG: Full HD single lens
- LT-A702KLWBG PLUS: 2K dual lens
- LT-A702KLWBG PRO: 4K ultra-HD single lens
- LT-A3076DLWBG: Dual-lens system: front 4K + rear 1080P
- LT-A3076DLWBG PRO: Three-lens system: front 2.5K + inside 1080P + rear 2.5K

Specifications

Overview	
Main Features	4K ultra-HD single-lens
Chipset (SOC)	Novatek NT96670
Front Sensor	GC4653 (4K)
Rear Sensor	—
Wi-Fi	Yes
USB Interface	Type-C
Hardware & Video Performance	
Resolution	Front 4K (3840×2160) @30fps
Operating frequency / RAM	Likely higher clock & RAM (better SoC)
Lens	Wide-angle
Storage	microSD
Wi-Fi	2.4 GHz
Build & Connectivity	
Power	Li-ion / higher capacity
Mounting	Standard windshield mount
Buttons	Physical + Wi-Fi
